

A.K.D.DHARMA RAJA WOMEN'S COLLEGE
(Affiliated to Madurai Kamaraj University)
RAJAPALAIYAM

DEPARTMENT OF COMMERCE WITH COMPUTER APPLICATIONS

Course Outcomes (COs) – B.Com (Commerce with Computer Applications)

CO 1 – Core Commerce Proficiency

Develop comprehensive knowledge of core commerce subjects such as **Accounting, Economics, Business Law, and Taxation**, with an integrated understanding of how they relate to modern business environments.

CO 2 – Computer Application Skills in Commerce

Apply software tools like **MS Office, Tally, Excel, Database Management Systems (DBMS)**, and **e-Commerce platforms** to perform business operations effectively.

CO 3 – Financial and Analytical Competence

Use **financial tools, spreadsheets, and data analysis techniques** to interpret and solve business problems, supporting decision-making with evidence-based reasoning.

CO 4 – Programming and Automation in Business

Gain working knowledge of **programming languages** (e.g., Python, C++, or Visual Basic) and understand how to automate accounting and business processes.

CO 5 – Digital Communication and IT in Business

Demonstrate proficiency in **digital business communication, internet tools, and cloud computing** to enhance organizational productivity.

CO 6 – Ethical, Legal, and Social Responsibility

Recognize ethical standards, legal provisions (like the IT Act and Cyber Laws), and social responsibilities in business operations, particularly in digital and e-commerce contexts.

CO 7 – Entrepreneurial and Innovation Readiness

Acquire the skills to start and manage tech-enabled enterprises, fostering **entrepreneurial thinking, digital marketing, and innovation-driven approaches**.

Programme Outcomes (POs)

Commerce with Computer Applications

1. PO1 – Disciplinary Knowledge

Demonstrate comprehensive knowledge in commerce and allied fields with conceptual clarity.

2. PO2 – Communication Skills

Exhibit professional communication abilities in written and oral forms, suitable for various stakeholders.

3. **PO3 – Critical Thinking**
Apply logical and evidence-based thinking to evaluate policies, practices, and business environments.
4. **PO4 – Problem Solving**
Use acquired knowledge and skills to address non-routine business problems effectively.
5. **PO5 – Analytical Reasoning**
Synthesize information, assess evidence, and construct sound arguments for informed decisions.
6. **PO6 – Research-Related Skills**
Formulate hypotheses, interpret data, and draw meaningful conclusions through mini-projects and internships.
7. **PO7 – Teamwork and Collaboration**
Work effectively in diverse teams, demonstrating respect and coordination in achieving goals.
8. **PO10 – Digital Literacy**
Apply ICT tools for learning and business activities, including spreadsheet analysis, accounting software, and digital communication.

Programme Specific Outcomes (PSOs)

Commerce with Computer Applications

1. **PSO1 – Placement Orientation**
Prepare students for careers in accounting, finance, HR, and business management through curriculum aligned with industry needs.
2. **PSO2 – Entrepreneurial Development**
Develop entrepreneurial thinking and leadership skills to foster business innovation and self-employment.
3. **PSO3 – Research and Policy Application**
Equip students to conduct organizational research and implement business strategies based on data and legal compliance.

Programme Educational Objectives (PEOs)

Commerce with Computer Applications

1. **PEO1 – Career Readiness**
Equip graduates with essential commerce and management knowledge for gainful employment or higher studies.
2. **PEO2 – Social and Ethical Responsibility**
Develop socially responsible professionals who contribute positively to economic development and community welfare.
3. **PEO3 – Adaptability and Innovation**
Foster lifelong learners capable of innovating and adapting to emerging trends in global and domestic business environments.
